Full Stack Developer

📞 6369003319 @ hariharanp10012001@gmail.com 🔗 <http://www.linkedin.com/in/hariharanp1001> 📍 Chennai, India

SUMMARY

I am a self-motivated and certified Java Developer with a strong foundation in Core Java, HTML, CSS, JavaScript, Bootstrap, MySQL, and PostgreSQL. I have hands-on experience in building responsive websites and CRUD-based applications, with a keen focus on clean code and usability. Known for my strong problem-solving abilities and a continuous learning mindset, I quickly adapt to new technologies and environments. I excel in communication, collaboration, and teamwork, and I am actively seeking opportunities to contribute to innovative and fast-paced development teams.

EXPERIENCE

Technical Support & Project Support

RR Donnelley

📅 06/2022 - 12/2024 📍 Chennai, India

CSA - Technical Support & Project Support Experience (React.js)

- Troubleshoot code issues, integration challenges, and deployment problems faced by clients
- Respond to clients queries via email, chat, or ticketing systems with accurate and timely resolutions
- Work closely with IT technical and product teams to escalate and resolve complex technical issues
- Ensure customer satisfaction by delivering efficient and professional support
- Gather customer feedback to help improve the product and enhance user experience
- Resolved 50+ client issues monthly, improving SLA compliance by 25%.

Document Specialist

Adecco India Pvt. Ltd

📅 11/2021 - 05/2022 📍 Chennai, India

Document Specialist

- Produced and formatted client-facing business documents (presentations, reports, proposals) with 100% accuracy, ensuring compliance with brand guidelines and global formatting standards
- Streamlined repetitive documentation tasks using advanced MS Word/Excel features, boosting team productivity by 15% and reducing turnaround time on high-priority deliverables
- Collaborated with cross-functional teams to deliver time-sensitive projects across global time zones, maintaining version control and ensuring real-time document updates with zero data loss

PROJECTS

Responsive Portfolio Website

Tech Stack: HTML, CSS, JAVASCRIPT

- Designed and developed a personal portfolio website with a responsive layout for desktops, tablets, and mobile devices
- Implemented smooth navigation and clean UI/UX to highlight personal branding and technical skills
- Optimised performance and accessibility for better user engagement

CRUD Application - React.js, REST API

Tech Stack: HTML, CSS, BOOTSTRAP, JAVASCRIPT, REACT.JS

- Developed a fully responsive crud web app with CRUD functionality for property listings
- Integrated a contact form for user inquiries and appointment bookings via REST API
- Enhanced user accessibility by 30% through intuitive UI and mobile-first design

E-commerce Food Delivery Landing Page

Tech Stack: HTML, CSS, BOOTSTRAP, JAVASCRIPT, REACT.JS

- Built a responsive landing page for a food delivery platform using React.js and Bootstrap grid
- Focused on user-friendly design to drive engagement and conversions
- Ensured cross-device compatibility with mobile-first approach
